Subject: Microsoft Settlement

To whom it may concern,

The proposed settlement with Microsoft is a mere slap on the wrist, and will allow anti-competitive practices by Microsoft continue unabated.

This settlement/final judgment should not be adopted until its weakness are well addressed. I am sure you are familiar with the well-composed list here: <http://www.kegel.com/remedy/remedy2.html>.

Don't let down users, businesses, and competitors by ignoring problems.

Thank you,
-carole
